Smart meters are safe, and will provide our electric customers with many benefits. They use low power radio frequency (RF) that is generally far less than that used by everyday items like baby monitors, cell phones, microwaves, TVs and wireless routers. To learn more, go to pseg.com/smartmeters.

All PSE&G employees carry identification cards with their picture on it. For your safety, ask to see the ID card of any PSE&G employee visiting your home or business.

Your monthly electric use

Visit MyAccount for more details regarding your energy usage.

MEASURED DEMAND

Demand kW 0.00

Measured Demand is the maximum use of electricity at any time during a monthly time period, as measured by your meter.

SUPPLY CAPACITY

Generation kW 0.001

Transmission kW 0.001

Supply capacity is required to serve the system's annual peak usage. It represents your share of these facilities, in kilowatts (kW). It is calculated based on your peak usage from the previous summer. Supply capacity values are updated periodically throughout the year and are prorated based on your service period.

Price to compare

If you want to consider getting your electric supply from another supplier, compare their price with ours. This month, your cost for energy supply is \$0.00. This *price to compare* varies month to month, depending on your usage.

Your PoD ID is: PE000009037885268332 — Your PoD ID is your Point of Delivery identification within PSE&G's system. You will need this number if you are considering enrolling with another supplier.
