Important to know

Your next meter reading: Jun 27

Please be sure we can safely access your meter for actual readings. Don't worry if your digital meter flashes eights from time to time. That's a normal part of the energy measuring process.

Your service(s) may be disconnected if your payment is past due

If payment for your service(s) is past due, we may begin disconnection procedures. If your service is disconnected because of a missed payment, you must pay the amount specified in the **Important Disconnect Information** section on your bill, as well as, a reconnection fee, before your service will be reconnected. The reconnection fee is \$10 for electric service that may be reconnected remotely, \$69 for electric service that is not eligible to be reconnected remotely, and \$17 for gas service. In such situations where both electric and gas service are disconnected for non-payment, the reconnection fee will not exceed \$27 for both.

Failure to pay may result in a return to our standard offer for generation

Failure to pay charges for a competitive retail service may result in cancellation of your contract with the respective retail electric supplier. You will then be returned to Duke Energy Ohio's standard offer for generation services.

When you pay by check

We may process the payment as a regular check or convert it into a one-time electronic check payment.

Customer Charge - The fixed monthly charge covers the cost of providing service to your location as well as maintaining customer records, billing and transactions affecting your account.

Delivery Charge - Charges for the operating expenses and delivering energy.

Generation Charge - Charges associated with the production of electricity.

Questions or complaints

If you have a question or complaint about your bill or service, please contact us via one of the contact options provided.

If your complaint is not resolved after contacting Duke Energy or if you need general utility information, please contact the Public Utilities Commission of Ohio (PUCO) or the Ohio Consumers' Counsel (OCC) via one of the contact options provided.

Choice Service ID

Once you have chosen a Certified Supplier to provide your energy supply, share this information with them so they can sign you up.

Para nuestros clientes que hablan Español

Representantes bilingües están disponibles para asistirle de lunes a viernes de 7 a.m. - 7 p.m. Para obtener más información o reportar problemas con su servicio eléctrico, favor de llamar al 800.544.6900.

Billing details - Gas continued

36.742 CCF @ \$0.10483000	\$3.85
Gas Delivery Riders	86.54
Applicable Surcharge	
36.742 CCF @ \$-0.00381033	-0.14

ENGIE Power & Gas	
Gas Supplier Energy Charge	
36.742 CCF @ \$0.34480000	12.67
Total Current Charges	\$329.56

Price to compare: If you're considering using a different natural gas supplier, their rate would have to be lower than \$0.97980000 per CCF for you to save money. Visit energychoice.ohio.gov to compare rates of all natural gas suppliers or contact Duke Energy for a written explanation.

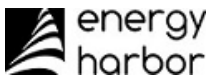

In Case No. 20-54-GA-ATA, et.al., Duke Energy Ohio entered into an agreement with numerous parties that resolves cost recovery for environmental investigation and remediation without increasing any rates. This agreement provides the following benefits: Customers will receive a substantial one-time bill credit, base rates will be reduced by 5.36%, Rider GTCJA (Gas Tax Cut and Jobs Act Rider) will be implemented, and Rider MGP (Manufactured Gas Plant Rider) will be eliminated.

This month's Gas Cost Recovery (GCR) charge for customers purchasing their natural gas from Duke Energy is \$1.1665866 per CCF, which includes a base GCR of \$1.1122 and Ohio excise tax of \$0.0543866.

When shopping for a natural gas supplier, it may be useful to compare supplier offers with the standard service offer (SSO) rate available to eligible customers, which varies monthly based on the market price of natural gas. Price represents one feature of any offer; there may be other features which you consider of value. More information about SSO and other suppliers' offers is available at energychoice.ohio.gov or by contacting the PUCO.

Riders are costs the Public Utilities Commission of Ohio has approved to cover investments in improving the energy infrastructure or other additional expenses.
