**Applicable Riders:** Charges applied to certain rate schedules to recover various costs associated with Dominion Energy's electric operations and production.

**Distribution Service:** Charges for the use of local wires, transformers, substations, and other equipment used to deliver electricity to your home or business. This service must be purchased from Dominion Energy Virginia.

**Electric Supply Service (ESS):** Charges for the generation and transmission of electricity, including fuel. This service may be purchased from a licensed competitive service provider.

- **Generation:** Charges for the production of electricity from Dominion Energy's power plants.
- **Transmission:** Charges for moving electricity from Dominion Energy's power plants to substations.
